

The House and Senate are back in session. While voucher issues continue to be at the forefront, a number of education issues have been in the headlines and in the committees. These include the Academic Distress legislation and, in our bailiwick, the reforming of Joint Education Oversight Committee and changes to the Resident Educator license.

### [DeWine Commits To Ongoing Student Wellness Funds](#)

[Gov. Mike DeWine](#) on Tuesday pledged to match or improve upon current state funding for K-12 wraparound services in his next operating budget proposal. The governor told school leaders gathered at the Ohio School Boards Association's Mental Health and Social-Emotional Learning Summit in Columbus he wanted to allay fears that Student Wellness and Success funding would be a one-time, \$675 million injection of resources. "I know that some superintendents and principals, teachers have said, 'Well, that's good for this year and next year, but what about beyond that?'" he said. "My commitment to you is that in next year's budget – the budget we present to the General Assembly – it will have just as much, if not more, money for this cause than we had this year." He added that he would not sign a budget without continued funding for wraparound services.

### [Voucher Meeting With DeWine, Speaker 'Productive,' Says Senate President](#)

Senate [President Larry Obhof](#) said he's "cautiously optimistic" following a meeting with [Gov. Mike DeWine](#) and [Speaker Larry Householder](#) over the future of the state's school voucher program. The "Big Three" met Wednesday morning for 90 minutes to discuss the current impasse between the two chambers over the EdChoice Scholarship Program, among other issues. Without legislative action by April 1, the list of schools in which students are eligible to receive performance-based vouchers will grow from more than 500 to more than 1,200. Legislators have already delayed that deadline after they failed to reach a compromise by the initial Feb. 1 expansion date. "I thought it was productive," Sen. Obhof (R-Medina) said of the meeting. "It was good to get together and restart some of these conversations. Here in the Senate, we're focused as we have been on doing what we think is best for the children of Ohio and their families. I remain cautiously optimistic we'll be able to work something out that's amenable to everybody." He cautioned that disagreement remains between the Senate, which has favored maintaining school performance-based vouchers in its proposal ([HB 9](#)), and the House, which has authored its own plan ([SB 89](#)) to base voucher eligibility solely on family income.

### [Voting Constitutional Amendment Proposal Certified](#)

[Attorney General Dave Yost](#) announced Thursday he certified a resubmitted summary of a petition for a proposed constitutional amendment designed to ease voting. "[The Secure and Fair Elections Amendment](#)," would implement automatic voter registration. It also calls for the implementation of same-day registration to allow eligible Ohioans to register and cast a ballot during early voting and on Election Day. It would also require early voting locations to be open on the two weekends prior to Election Day. The proposal also looks to ensure that military service members and overseas citizens receive their ballots in a timely fashion, that voters with disabilities have equal access to the ballot box and that election results are audited.
